Mothers who use Doctor Pierce's Favorite Prescription, are generally healthy and happy, and have healthy, happy children. "Favorite Prescription" prevents nausea, soothes the nerves, promotes the appetite and causes sleep to be sound and refreshing. It gives a great physical vigor and muscular elasticity so that the baby's ad vent is practically

painless. It is the best tonic for nursing mothers, restoring strength and promoting an abundant flow of nutritive secretions,

"I can cheerfully recommend Dr. Pierce's Favorite Prescription as one of the best medicines for women," writes Mrs. Mary Murdock, Murdock, of may Woodard Ave., Topeka, Kan. "I sider it the best medicine made. I know it has no equal. I am the mother of ten children and only one living—the tenth one. She is one year old and is as well and hearty as can be. She is a beauty. Of my other babaes, one lived to be one year old, but she was always feeble. I tried different doctors, but none of them could tell me what my trouble was. Thos said I was well and strong. I was examined by surgeons but they found nothing wong and they were puzzled to know what my trouble was. I did not know what to do so I thought this time I toold it ty Dr. Pierce's Favorite Prescription. I took it the entire thus months and now have a fine baby girl, and I cannot praise your medicine enough for the good it did me."
